DETAILED ACTION

Election/Restrictions

1. Restriction is required under 35 U.S.C. 121 and 372.

This application contains the following inventions or groups of inventions which are not so linked as to form a single general inventive concept under PCT Rule 13.1.

In accordance with 37 CFR 1.499, applicant is required, in reply to this action, to elect a single invention to which the claims must be restricted.

Group I, claim(s) 1-8 and 25-32, drawn to an information distribution system for scheduling transmission times of information from a server to a terminal.

Group II, claim(s) 9-17 and 33-39, drawn to a terminal apparatus for receiving information.

Group III, claim(s) 18-24 and 40-47, drawn to a server apparatus for transmitting information.

2. The inventions listed as Groups I, II and III do not relate to a single general inventive concept under PCT Rule 13.1 because, under PCT Rule 13.2, they lack the same or corresponding special technical features for the following reasons:

The special technical feature of Group I is scheduling the distribution of information from a server to a terminal. The special technical feature of Group II is the ability to receive distribution information from a server. The special technical feature of Group III is the ability to transmit information based on a demand from a terminal. Neither Group II or III provides the whole special technical feature necessary to provide the whole operation of the information distribution system of Group I.

3. Applicant is advised that the reply to this requirement to be complete must include an election of the invention to be examined even though the requirement be traversed (37 CFR 1.143).

4. Applicant is reminded that upon the cancellation of claims to a non-elected invention, the inventorship must be amended in compliance with 37 CFR 1.48(b) if one or more of the currently named inventors is no longer an inventor of at least one claim remaining in the application. Any amendment of inventorship must be accompanied by a request under 37 CFR 1.48(b) and by the fee required under 37 CFR 1.17(i).
